

ARCHITECTURAL MOULDINGS WARRANTY

Date Issued: 01/09/2019

DekoPro as a re-seller of Architectural Mouldings manufactured by Provincial Cladding, provides a seven-year warranty.

Warranty is subject to the following conditions:

1. Provincial Cladding provides the warranty from date of purchase for replacement of faulty or defective product only.
2. Moulding installation must be carried out in accordance with Provincial Cladding installation guide, which is available for download online at www.provincialcladding.com.au
3. Dekopro Architectural Mouldings should be primed with Acryloc PrimeBond Grip Coat then painted in light reflective colours to reduce the risk of excess heat absorption which may compromise the integrity of the mouldings. Darker colours may void warranty.
4. Provincial Cladding will in no circumstances be liable for any loss or damage, including consequential loss, direct or indirect to any persons or property
5. Provincial Cladding will not be responsible and/or liable to any person/s in any way for incorrect fixing or installing completed by any person/s
6. Provincial Cladding will not accept any responsibility of any damages caused from un-natural conditions, including the following;
 - i. Act of God by legal definition: An act of God is generally considered an act attributable to nature without human interference. Such as earthquakes, lightning strikes, hail storms etc.
 - ii. External factors including pests/insects or birds causing damage to mouldings during and/or after installation will not be covered by this warranty

Compliance with Australian Standards

Australian Standard 1366, Part 3 – 1992 Physical Properties of Rigid Cellular Polystyrene sets out minimum properties for six classes of manufacturing methods of EPS (Expanded Polystyrene) for determination and compliance.
